Dear Parent/Carer,

Are you 'app' to date? - Parent Information Session

Would you like to have a greater understanding about the safe use of social media to support your child or for your own information?

As a parent/carer, keeping up with your child's online world can sometimes feel overwhelming. Our free, interactive workshop is full of practical tips and information to help you keep your children safe online.

We are holding a parent information session at the academy on **Monday 27th April at 6pm**. The session is provided by the NSPCC and West Yorkshire Police. The session will last approximately one hour, and refreshments will be provided.

This parent information session will cover:

- What children enjoy doing online and some of the most popular apps, games and sites that they use
- How you as parents/carers can help children navigate their online safely
- Managing some of the risks
- How technology can help you to keep your children safe
- The importance of TEAM – talk, explore, agree and manage

Please ask your child to return the reply slip to Student Support below by Friday 17th April in order to secure a place.

Yours faithfully

Ms M Page
Associate to the Senior Leadership Team
