Enrichment

Passport

Enrich your summer!

Name: _____

Form: _____

One of the many pieces of advice and guidance given to us by colleges, universities and employers is that they want young people to have something to talk about in interviews. No matter where you go or what you do in life, you will end up having an interview and they will normally ask “Tell us something interesting about yourself”.

So, this summer...do something interesting! Enrich your summer, step out of your comfort zone and try to do something you haven't done before. And if you are already planning to, log it here and win some early Epraise.

Fill your summer with FIVE experiences and record them in this enrichment passport and I'll give you FIVE Epraise stickers to the start the year off in September.

All you need to do is give us a brief description of what you've done and get a parent/carer or member of your family to sign to say that you have.

Hand it to your form tutor in September you'll receive FIVE EPraise Stickers.

Enrich your summer by learning a new language, learning to play a favourite song, going on a bike ride, take up a new sport, train for a fun run, take part in a sport competition, take part in a music competition, start a band, write a story, paint a picture, cook a family member a meal.....

This is not a checklist, these are just ideas.
