9<sup>th</sup> September 2020

Dear Student,

As you are probably aware, a full suite of GCSE examinations will be available to sit in the Autumn, providing an opportunity for students to resit any subjects if they wish. The exams will take place during November 2020 and are based on test performance only, with no coursework elements included. These exams are available for any students who were entered for the Summer 2020 series with results expected to be available in February 2021.

In order to administer these exams in the Autumn, there is a short window of opportunity to apply for your exam entries. The deadline for entries is Friday 18<sup>th</sup> September.

Any students wishing to resit English and Maths are to apply through their further education provider, with these exams taking place at college.

Any students wishing to resit any other GCSE subject are to email [admin@castlefordacademy.com](mailto:admin@castlefordacademy.com) with their name, the subject they would like to resit, providing a brief reason for the entry. Exams for these subjects will be sat at Castleford Academy.

Whilst we appreciate that a significant amount of course content has not been covered due to the Covid-19 pandemic and school closures, unfortunately it is not possible to offer any formal teaching to students resitting this Autumn.

Should you have any queries, please do not hesitate to contact school.

Yours faithfully

**Mr L Homes**  
Assistant Headteacher
