Financial significance

<p>Many of William's tenants-in-chief enjoyed special deals that meant they didn't have to pay geld tax on some of their land. It is possible William has a plan to reverse some of these privileges as a way of getting more money from his tenants, as he did in 1084 and 1086. The king also made money from charging reliefs to new tenants and for heirs too young to inherit land.</p>
<p>The Domesday Book includes many cases of Anglo-Saxons claiming that land of theirs had been taken from them. The Domesday surveys were made as fairly as possible, with all the key people in each hundred having a chance to say who really owned what. It therefore had a role in sorting out legal disputes over land.</p>
<p>The council that William held about the Domesday Book was primarily called to discuss ways to counter a new Viking invasion threat in 1085. Even though the Danish invasion never happened, William took it seriously, and brought thousands of soldiers from Normandy and housed them with landholders in England. The Domesday Book may have been used to help with this preparation.</p>
