Introducing your Set Design

Last lesson you developed the costume and makeup for a character

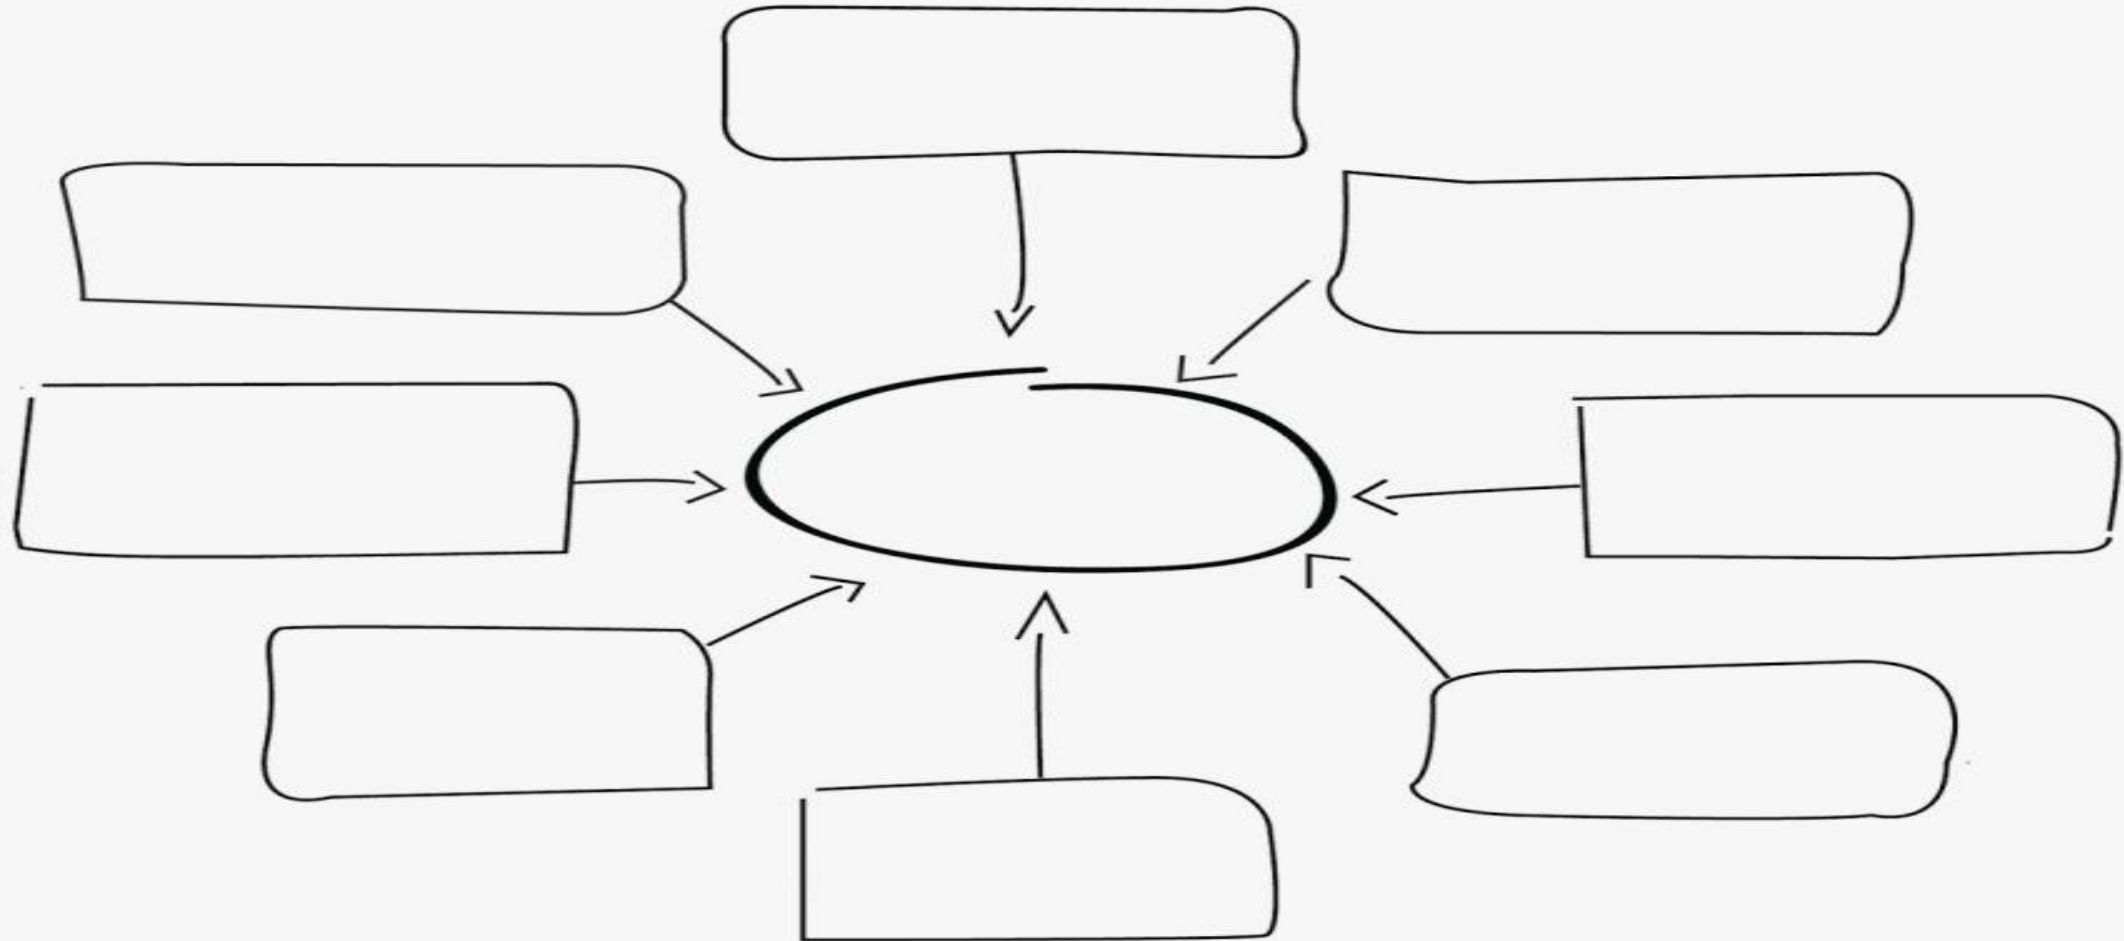

Today we will focus on where they will perform.

Set design focuses on the world created on stage in which the actors perform.

Watch the set design video below and on the next page, create a mind map which includes the important information you learned from the video.

Set Design Information

Create your set design

Stage Design

Design a stage set for a film of your choice. You must label your props/ideas. Think about colours, images you might project onto the wall, and the environment.

Creating your Design

Bring your set design to life by creating a shoe-box style set design. You could use a cereal box, shoebox or anything you can find! (seek permission first!)
