

## 16 – 19 Tuition Fund Statement

This statement will demonstrate how additional funding for 16 to 19 year old pupils will be utilised in 2020-2021 academic year.

Pupils who have not achieved a Grade 4 or above in at least one of English and/or maths by the age of 16 are identified by the Government as being eligible for the fund. These pupils will receive additional support. Examples of some of the additional support available:

- small group lessons with an English or maths teacher to ensure that they catch-up to the same level as their peers.
- English and maths intervention
- pastoral mentor support
- careers intervention to maximise their next step
- other subject support, for example within vocational courses that may have been disrupted because of lockdown.

Support may also be offered to pupils who have achieved a Grade 4 in English and/or maths but may need support in other subjects and not just limited to maths and English.

Pupils in need of support will be identified by Teachers, Mentors, the Head of Sixth Form and SLT and interventions identified specific to their needs.
