

Create a weather map and forecast

- Draw a map outline
- Give your map a name – E.g – Candy Country
- Write down 10 place names – linked to the country
- Create 10 weather symbols (use the weather we have done)
- Include features on your map – rivers, mountains etc
- Write a weather forecast saying what the weather will be like in each place:

A Haribo Hotel, il pleut

A Flake Fountain, il neige
