

Fixings in DT – how things are joined together.

Image	Name	Where it can be found
		
		
		
		
		
		

Can you describe how the fixings you have named above are different from each other.

Mechanisms around the home and garden

You can become a fixings detective. Go around the home and garden and try and find different examples of how things are fixed together.

Explain what it is that is fixed together and whether it is permanent or temporary.

Draw or take a picture of it in use.

Can you explain how the parts were fixed together?

Here is an example to start you off.
